REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The claims are allowable over the prior art for at least the reason that the prior art fails to reasonably teach or suggest a concave-shaped substrate consisting essentially of a plastic material which is temperature-stable up to at least 1000 C, and a reflecting surface on said substrate constructed as a cold-light mirror consisting essentially of a plurality of layers of different refraction coefficients applied to said substrate by means of one of: a plasma impulse (Pi) process, a chemical vaporization process (CVD) and a plasma-impulse chemical vaporization process (PICVD) as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
